2016 ILX

Accessorized model shown.

The 2016 ILX re-tunes your expectations.
Changes include an aggressive new powertrain, more forceful
exterior styling and substantially upgraded interior design.

CATCH IT
IF YOU CAN

PERFORMANCE

LIGHTNING IN A BOTTLE

POWER

FEATHERWEIGHT CONTENDER

Beauty meets beast. The impressive 201-hp, 2.4-litre i-VTEC® engine in the ILX gives it a remarkable power-to-weight ratio, making you more nimble and quick on the road.

Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

PERFORMANCE

POWER TO THE PEDAL

DIRECT INJECTION
DRIVE LIKE DYNAMITE
The direct-injection system in the ILX delivers fuel pressurized at up to 2,900 psi, giving the engine more power and better efficiency.

TRANSMISSION
DELAY IS THE ENEMY
New to the ILX is the 8-speed dual-clutch transmission with torque converter, a world's first design. The 8-speed DCT is always a step ahead, delivering rapid yet smooth transitions and lightning-quick responses.

PADDLE SHIFTERS
CONTROL FREAK
Race-inspired control. Up or downshift and take full advantage of the quick-reacting dual-clutch transmission. With paddle shifters on all trims, you'll experience more control and a more direct connection to the car.

PERFORMANCE

HANDLE EVERY INCH OF THE ROAD

SUSPENSION

WELL ADJUSTED

React to the road ahead. The ILX is equipped with Amplitude Reactive Dampers that are engineered to give you the best of whatever the situation demands. They operate in two unique performance zones, helping to offer both a composed, comfortable ride and precise handling.

RESPONSIVE STEERING

FLEX YOUR REFLEXES

Tailor-made turns. Re-engineered with a stiffened suspension and sport-tuned steering that is designed to allow the ILX to respond instinctively with the driver, thus reacting quicker and more directly to the driver's input for a more accurate and reassuring feel.

DESIGN

PERFECTION FROM EVERY ANGLE

EXTERIOR DESIGN

IT'S HARD NOT TO STARE

The restyled, aggressive design of the ILX features a more distinctive front end, highlighted by standard Jewel Eye™ LED headlights, a new grille design and more aggressive lower front and rear fasciae.

LED HEADLIGHTS

READY, SET, GLOW

Experience LED technology that mimics the natural colour of the sun, allowing you to experience colours more vividly, while helping to reduce fatigue at night.

QUIET CABIN

DOES NOT DISTURB

Did you hear that? Neither did we. With Active Noise Control to help cancel out unwanted engine sounds and standard noise-reducing wheels to cut resonance, the ILX is a silent sanctuary.

A-SPEC

LOOKS ARE EVERYTHING

The A-Spec appearance package gives the ILX an even sportier look with brilliant fog lights, machine-finished 18" alloy wheels, side skirts and a deck lid spoiler. The interior look is complete with stainless steel sport pedals, red instrument illumination, Lux-Suede-trimmed sport seats, black headliner and contrast stitching.

DESIGN

SAFETY IS CONFIDENCE

THRIVES UNDER PRESSURE
STRENGTH FROM WITHIN

Acura's Advanced Compatibility Engineering™ body structure is designed to absorb and more evenly distribute energy from impact, regardless of how big or small the other vehicle may be. So, in the case of a crash, the vehicle is engineered to transfer energy around the vehicle and away from passengers.

TECHNOLOGY

THE WORLD AT YOUR FINGERTIPS

ACURALINK™ AT YOUR SERVICE

The available AcuraLink^{§,*Δ} connectivity system can send destination information directly to your car and reroute your journey based on freeway conditions. Stream music content and drive with confidence knowing you have access to 24/7 Enhanced Roadside Assistance and even your own personal concierge. Not near your car? No problem. The Connect app acts as a remote and tool for diagnostics. Lock and unlock your car and check tire pressure and fuel level, all from the convenience of an app. All three tiers of services are complimentary for the first year of ownership.

REMOTE CONTROL STARTER START YOUR ENGINES

The ILX now comes with a standard remote starter that's detected from a long distance away, so the engine has begun to warm up and the cabin is either heated or cooled appropriately on entry. Even the defrost will help to pre-emptively clear the windshield on those ice-cold days.

NAVI

MAKE EVERY TURN A SHORTCUT
The ILX's available Acura Navigation System with Voice Recognition^{†,††} gathers street and highway information to help you dodge traffic and reduce stress.^Δ The available iPhone® Navigation app^{*,††} acts as an alternative to embedded navigation, seamlessly transferring map information from your iPhone to your vehicle's navigation screen.
