

THE 2024 ACURA

# INTEGRA

## AGGRESSIVE STYLE, DYNAMIC PERFORMANCE AND ADVANCED TECHNOLOGY ENERGIZE INTEGRA.

Integra is one of the Acura brand's most iconic nameplates, reimagined for a new generation of drivers with a fresh, fun-to-drive spirit and sleek liftback design.

Here's how the Integra's expanded 2024 model line appeals to a broader range of drivers than ever before...

BE SURE TO CHECK OUT  
INTEGRA TYPE S REASONS TO LOVE.

REASONS TO LOVE

# INTEGRA

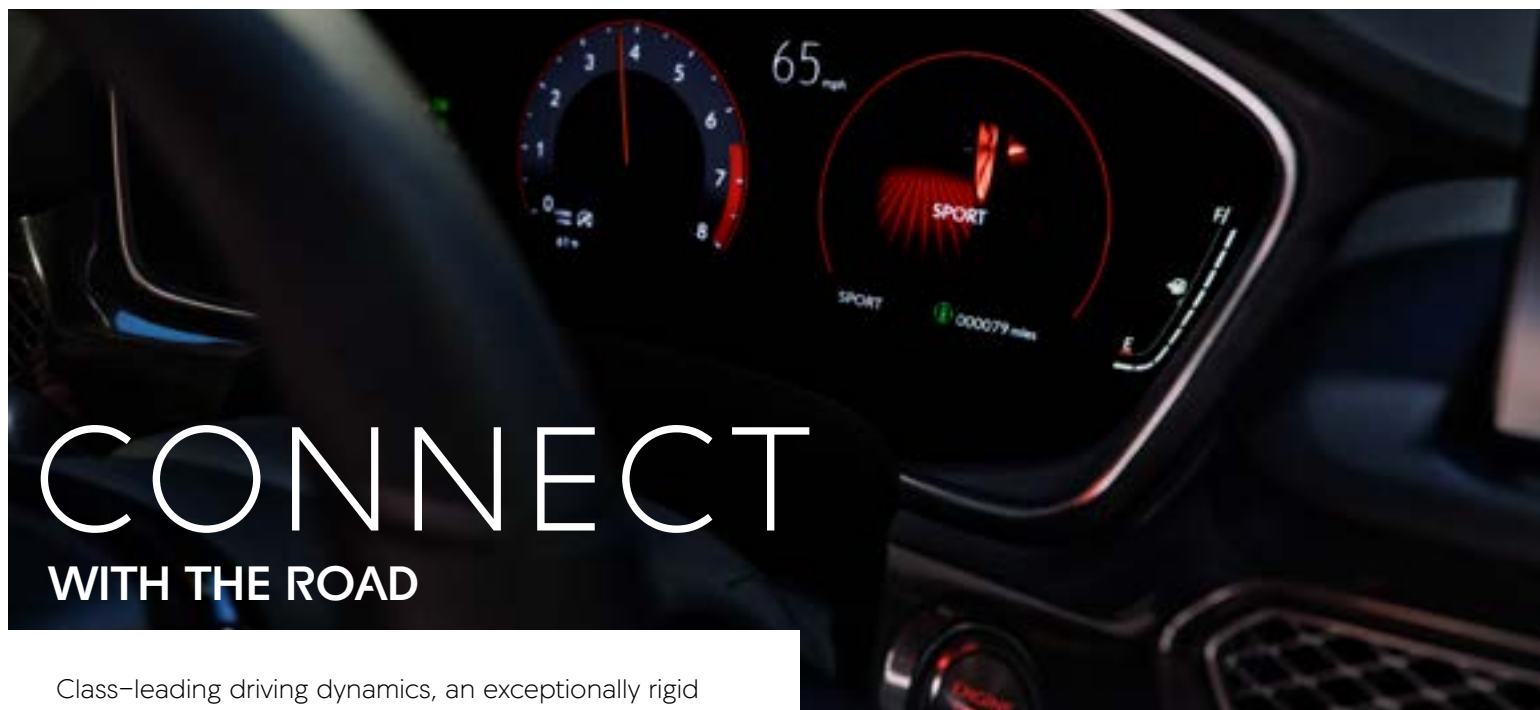

## BOOST YOUR EXPECTATIONS

The Integra's VTEC® 1.5-liter turbocharged engine has 200 horsepower (SAE net) and 192 lb-ft of torque (SAE net) for strong acceleration and an enthusiastic top-end rush. The boost hits fast, then lasts.

It's paired with an automatic transmission (CVT) that responds intuitively to every touch of the accelerator pedal or standard steering wheel-mounted paddle shifters.

Rather do it yourself? A segment-exclusive available 6-speed manual transmission has short throws and snugly spaced ratios. Automatic rev-matching is sure to trigger shifting nirvana.

A helical limited-slip differential (LSD) is paired with the manual to maximize available traction when accelerating out of corners – for less slip, more rip.

## CONNECT WITH THE ROAD

Class-leading driving dynamics, an exceptionally rigid body and sport-tuned independent suspension deliver precise, agile handling. The cushy ride is an extra bonus.

Choose your driving mode with the standard Integrated Dynamics System (IDS). A-Spec® with Technology Package adds adjustments for in-cabin sound, an Adaptive Damper System (ADS) with three distinct profiles, and Individual Mode that lets you mix and match settings. It's all up to you.

## PURE EYE CANDY

The Integra's segment-leading technology includes a standard 10.2-inch Acura Precision Cockpit™ digital gauge cluster with multiple display modes and a 7-inch digital touchscreen with Apple CarPlay®<sup>49</sup> and Android Auto™<sup>50</sup> integration.

The available Technology Package increases the touchscreen size to 9 inches and adds *wireless* Apple CarPlay® and Android Auto™ integration, Alexa Built-In<sup>68</sup>, wireless charging and a 5.3-inch Head Up Display (HUD). It's all technology that keeps you connected and in control.

## A STUNNING SOUNDTRACK

In the Integra, the standard premium audio system features eight speakers. For even more realism, the available 16-speaker ELX STUDIO 3D<sup>20</sup> premium audio system adds a new dimension with two Highline™ speakers mounted in the headliner above the front seat passenger. There are also four tweeters, four full-range speakers, three mid-range

speakers and two satellite speakers – plus a rear-mounted subwoofer – to completely envelop you in sound.

Named for multi-Grammy® Award-winning producer/engineer Elliot Scheiner, the system has amazing detail and clarity – and impressive power.

## SLIP INTO SOMETHING MORE COMFORTABLE

Inside, the Integra has a sporty and tailored cabin with high-quality materials and premium touchpoints. Go ahead and touch. We'll wait.

A standard deeply bolstered heated 8-way power driver's seat helps you feel comfortably secure in aggressive cornering. The available Technology Package adds a 12-way power driver's seat and 4-way power front passenger seat – as well as microsuede inserts for the front seats.

The Integra's low cowl and thin roof pillars create exceptional visibility. Expect no complaints from the backseat crew, with generous legroom that lets passengers sprawl out.

REASONS TO LOVE

# INTEGRA

## POP THE HATCH

The Integra features sporty and compact proportions inspired by previous Integras, specifically the OG 5-door model that helped launch the Acura brand in 1986. Respect.

The new Integra combines a coupe-like profile with surprising flexibility thanks to its 5-door liftback design – unique in the premium sport compact segment. A clever built-in cargo cover helps conceal your gear.

Need more space? Integra's 60/40 split rear seatbacks fold flat to expand the cargo area. Load up and roll.

## CONFIDENCE IS STANDARD

With its Acura Advanced Compatibility Engineering™ (ACE™) body structure, the Integra offers state-of-the-art safety technology.

New-generation driver and passenger front airbags are designed to cradle the head and reduce the risk of brain injuries, especially in offset collisions.

Integra's standard AcuraWatch™ suite of driver assistive and safety technologies features a single-camera system with a wide field of view and long range so the Collision Mitigation Braking System™ (CMBS™)<sup>39</sup> can distinguish between vehicles, pedestrians and even bicycles.

Every Integra has a standard blind spot information system (BSI)<sup>16</sup> with Rear Cross-Traffic Monitoring.<sup>76</sup> Integra A-Spec® with Technology Package includes front and rear parking sensors and Low-Speed Braking Control (LSBC).<sup>69</sup>

## A QUARTET OF GREAT CHOICES

The expanded Integra line now offers four mouthwatering flavors:

### INTEGRA

Exceptionally well equipped, the Integra hits a sweet spot with a long list of standard features that includes a powerful turbocharged engine, CVT automatic transmission, 7-inch touchscreen display and much more.

### A-SPEC PACKAGE

Ready for something extra? Integra A-Spec delivers with a Sport Appearance Package, LED fog lights, and upgraded 18-inch wheels and tires.

### A-SPEC WITH TECHNOLOGY PACKAGE

The Integra A-Spec with Technology Package adds front and rear proximity sensors, upgraded IDS with Adaptive Damper System, available 6-speed manual transmission, 9-inch touchscreen display, LED interior ambient lighting, 16-speaker ELS STUDIO® 3D Premium Audio System, Head-Up Display and more.

### TYPE S

New for 2024 is the Integra Type S—the ultimate in street performance from Acura. With a much larger engine, lot's more power and radically upgraded suspension, brakes and wheels, it's the ultimate ride for enthusiast drivers. Get the whole story here: [2024 Integra Type S Reasons To Love](#).
